0 of 0 review helpful I was disappointed by this book due to its audience being people By ga2nc I was disappointed by this book due to its audience being people who hike consistently over 5 miles and like to backpack during long hikes I suppose one book can't cover everything but this one includes only a tiny fraction of the hundreds of hikes one can do off the Blue Ridge parkway Also the maps are not sufficient State Hiking Series Each guide includes Hikes suited to every ability Accurate directions to popular as well as less traveled trails Up to date trail descriptions with mile by mile directional cues Detailed trail maps and GPS coordinates The Blue Ridge Parkway is the most popular gateway to our cherished mountains Randy Johnson has given us the fullest account and most helpful guide to that lofty open road Robert Morgan author of The New York Times
