1 of 1 review helpful Awesome Reference Book By JChianti This is a must for biologists who work in the Great Basin Nevada western Utah and some parts of OR ID Don t be put off by the publication date as this is relevant Great book

12 of 13 review helpful THE reference book for birds of the Great Basin By Don Baccus And as one of the photographers who did Watcha Birds have always been of keen interest to man since their beauty song and fascinating behaviour are conspicuously displayed and can be viewed and heard by even the most casual observer This book the result of over thirty years of research is the most comprehensive ever published on the diverse bird life of the Great Basin
