0 of 0 review helpful Excellent book By Bob I really enjoyed this book as it is a wonderful mixture of history exploration and imagery The author is so descriptive that you can easily follow the entire journey with a map I suggest anyone really wanting to get into this book to follow the author in Google Earth all of the coves springs rivers points towns islands lakes and bridges are named and on top of that First explored by naturalist William Bartram in the 1760s the St Johns River stretches 310 miles along Florida s east coast making it the longest river in the state The first highway through the once wild interior of Florida the St Johns may appear ordinary but within its banks are some of the most fascinating natural phenomena and historic mysteries in the state The river no longer the commercial resource it once was is now largely ignored by Florida s re com Less well known than the embattled Everglades northern Florida s St Johns River has long been subject to the same forces that have imperiled that vast wetland The St Johns writes naturalist Bill Belleville is surely one long and meandering palimp
