1 of 1 review helpful and the ability to download GPS trails off the net makes these basically unnecessary By Dustin B Must have book for exploring the Utah backcountry Enough trials in here to keep you exploring for years Some negative reviews mention that it leaves out some iconic offroading excursions The book addresses this They rate the

trails on a 1 to 10 scale and don't include anything rated 8 or more 4WD Adventures Utah navigates you for 3,721 miles through the spectacular canyonlands region of Utah to the top of the Uinta Range across vast salt flats and along trails unchanged since the late 19th century when riders of the Pony Express sped from station to station and daring young outlaws wreaked havoc on a multitude of newly established stage lines railroads and frontier towns. In addition to the enormously detailed trail information with color photos depicting 4WD Adventures Utah is perhaps the most comprehensive backcountry guidebook we've seen to date 4 Wheel Drive Sport. There are other four wheel guides but 4WD Adventures Utah is the first to try and cover the entire state.
