a great job with the history of a little resort town I grew up in Estes Park in the 1970s and have known Steve for a long time The town has had quite a history for its smallness Three floods over the last 30 plus years The visitors that come by the millions each year to the National Park and the somber In the 1870s ranchers Abner Sprague William James and Alexander MacGregor raised cattle while the Earl of Dunraven bought land for a private hunting reserve It was neither cows nor hunting that defined Estes Park though Visitors were attracted to its beauty and crystalline mountain air Inspired by conservationist John Muir Enos Mills preserved the area 's splendor by spearheading the establishment of Rocky Mountain National Park while F O Stanley welcomed Estes Park isn't Estes Park without its larger than life people like a "Miner Bill" Currence who prospected on the slopes of Mount Chapin Indian rights activist Charlie Eagle Plume who entertained summer visitors and "Crazy Ed"
