1 of 1 review helpful Winning impeccably researched a story equal to its subject By Mike Healey Grandfather

Mountain formed by a collision of continents 300 million years ago located in the High Country corner of northwestern North Carolina and with an elevation of 5,946 feet and a sprawling footprint that covers 50 square miles of southern Appalachian lowlands is an epic mountain. As author Randy Johnson relates, With its prominent profile recognizable for miles around and featuring vistas among the most beloved in the Appalachians, North Carolina's Grandfather Mountain is many things to many people: an easily recognized landmark along the Blue Ridge Parkway, a popular tourist destination, a site of annual Highland Games, and an internationally recognized nature preserve. In this definitive book on Grandfather Mountain, Randy Johnson guides readers on a journey through the mountain's history. Beautifully illustrated and packed with fascinating scientific and historical facts, it's perfect for outdoors enthusiasts who find themselves housebound during a long winter storm. *Richmond Times Dispatch* In this beautifully illustrated v
