5 of 5 review helpful No index makes finding places extremely difficult By Jane in Atlanta An index would be a great improvement This book contains 24 walks and they are described in detail But the book lacks an index That is a major

oversight For example say you want to see the Frederic Delano House FDR's uncle But you don't know anything more than the name of the house It would be almost impossible to find it un The best way to see mdash really see mdash any city is on foot The perennial favorite Washington on Foot has been completely revised and updated to offer 24 walking tours of Washington's neighborhoods Familiar monuments and museums are all here side by side with lesser known historic sites and storied residential neighborhoods Washington on Foot offers history culture architecture urban planning and more It's the complete city in a tidy pack ldquo A delightful lsquo must rsquo for anyone wanting to explore the nation rsquo's capital rdquo mdash Washington Times ldquo This guidebook is one of the best rdquo mdash Washingtonian ldquo Excellent maps rdquo mdash New York
