2 of 2 review helpful GREAT BOOK By Greg A Derse One of the best books with the most comprehensive photo collections of historic and authentic adobe details The description was very accurate and the price ridiculously low for a virtual visual library in one volume Should be in every serious collection of information dealing with North Rio

Grande Valley architecture I have two of these in my collection and reference Southwestern architecture is a blend of sensibilities and technology from three cultures Native American Hispanic and Anglo The traditional styles and adaptations explored in this book maintain definite connection with the past In over 500 photos and line drawings the authors present authentic exteriors fireplaces doors walls floors stairs ceiling tiles hardware cabinets construction details and much more A vast practical source of ideas an About the Author Sandra Seth is a second generation New Mexican who has built more than one hundred adobe fireplaces and has designed and constructed six adobe homes in Taos
