0 of 0 review helpful Missing pages hard to read By Mark I got the book and didn't realize right away that it is missing pages 15-24 so the whole middle keys are gone I have contacted customer service for a refund but I am outside of the 30 days so we'll have to see what happens Even if it was complete I wouldn't care for it the charts are cut up in funny

ways so it's hard to figure out where you are or plan. The latest addition to Pelican's iquestfrac12's coastal charts series features full color NOAA nautical charts for the waters from the Port of Miami to the Dry Tortugas. Beautifully produced with hard covers and a flexible spiral binding, these maps are sturdy and easy to use.
