3 of 3 review helpful Top Notch Field Guide By OrangeCrush I love this field guide and in all honesty I am surprised that more book publishers don t follow suit in regards to the leather cover It basically guarantees that your book will remain in great condition regardless of the abuse it takes while your out on the trail or even just on your back porch

The leather cover is actually a lot nicer than I thought it was g It s two great tools in one field friendly package Get this exceptional value that includes the Birds of Michigan Field Guide and the Birds of Michigan Audio CDs with a 36 page booklet The book and CDs are designed for each other The track number at the bottom of each page in the field guide directs you to the correct CD track Likewise the audio CD index references the field guide Make bird watching more enjoyable simple and informative with this amazing set
