1 of 1 review helpful LOVE THIS BOOK By jauncc This is an OUTSTANDING book which has helped us identify numerous birds What really puts this book over the top is the accompanying CD Since some bird sightings are quick or difficult due to foliage the ability to listen to the bird calls and songs is a tremendous help There is one suggestions which I might make to help folks identify birds if there was a phone app of th Enjoy the total bird watching experience Learn to easily identify the bird sounds in your backyard With this CD set you can listen to the amazing songs of 138 common birds of North and South Carolina Use the CDs alone or pair them with the Birds of the Carolinas Field Guide The recordings are in the same order as the field guide and the included 36 page booklet has an index that s cross referenced to the book
