February trip to Florida I'm a firm believer that travel books are more user friendly in print because I like to flip through the pages randomly to see what catches my eye or to easily go back to some interesting travel tip that I'd seen before I left home. It is harder to do this in e-books and this is not true. Tampa resident Laura Reiley and St. Petersburg resident Bob Jenkins offer their unique perspectives on Tampa and St. Petersburg from exploring the Salvador Dalí Museum to enjoying the quirky Gasparilla Pirate Fest. They include trip strategies for a variety of travelers such as a Nature Lovers Tour and Tampa Sports covering the Yankees spring training. Including expert advice on the Museum of Science and Industry, Busch Gardens and nightlife in historic Ybor. About the Author: Laura Reiley entered the world of work on the heels of a two year culinary school program. As a professionally trained chef she was now qualified to draw discriminating conclusions about meals eaten and wines consumed. She did so well.
