2 of 2 review helpful Highly recommended By panda When my family went on a week long trip to Washington D C we were totally lost as to how to plan for activities and tours When we ordered this book we were able to plan our entire trip around it The reviews from the author are very in depth What is included in the museums and tours are very descriptive and helped us rule out some of the ones we thought we would see and Every American at some point in their life will want to visit the nation's capital and it is most important that parents take their children there For adults of all ages for young people and for families this EasyGuide states preferences in activities and in the choice of lodgings and meals our author isn't shy about revealing what she likes most and what she dislikes She is Elise Hartman Ford a long experienced journalist and Washington D C res About the Author Elise Hartman Ford has written for the Washington Post Washingtonian Magazine Ladies Home Journal and countless other publications Ford is the author of several guidebooks and the author of the bestselling Travel App Washington DC A to Z S
