2 of 2 review helpful More of a guided itinerary than a guide book By Sarah This wasn't what I expected but it doesn't mean it may not be the right book for you This isn't a guide for the Blue Ridge Parkway area It is a more specific list of places to go stay and see along their suggested itinerary That means you can be just down the road from a town with an entry and there is nothing in the book on it If you are done Hit the Road with Moon Travel Guides The Blue Ridge Parkway connects the green valleys of Shenandoah National Park to the Great Smoky Mountains Drive America's most scenic highway with Moon Blue Ridge Parkway Road Trip Inside you'll find Maps and Driving Tools 29 easy to use maps keep you oriented on and off the highway along with site to site mileage driving times and detailed directions for the entire route Eat About the Author Though Jason Frye calls the coast of North Carolina home his heart is with the mountains Born and raised in the rugged Appalachian foothills in southern West Virginia he developed an affinity for hiking and exploring the woods coves
