Waterfall Hikes of Upstate South Carolina:

0 of 0 review helpful This is a wonderful book clearly laying out the information on each By mom sreads This is a wonderful book clearly laying out the information on each waterfall that one would need Gives very clear driving directions and hiking directions length and strenuousness of the hike along with a picture and description of the falls I had had a copy of this for several years and loaned it to someone a Upstate South Carolina sits atop the Blue Ridge Escarpment a geological formation known to the Cherokee people as The Blue Wall In this region nearly every river creek or stream at some point forms a waterfall Many of them are spectacular and most are accessible to the average hiker on a day hike This revised and expanded edition of the original guide includes 125 hikes ranging in length from a few hundred feet to 6 miles round trip Each leads to a destination After an opening section of his book in which he covers basic matters such as classifying waterfalls making suggestions on how to photograph them rating their beauty and the vital matter of trails King devotes the bulk of his 232 page book to individual wa
