7 of 7 review helpful If you re looking for a hip guide this ain t it By J Dupuy We picked this book up out in Vegas when we left a better guide book at home mistakenly We were looking for things to do off the beaten path or just off of the strip Nearly every one of the descriptions for should do things according to these authors were wrong in my opinion Also it was difficult to follow because they list multiple Looking for a travel guide that goes where other guides fear to tread One that rides roughshod over ad copy puffery to smartly deliver the real scoop on a destination s sites and attractions One that dares to be honest hip and fun Look no more Frommer s Irreverent Travel Guides are wickedly irreverent unabashedly honest and downright hilarious and provide an insider s perspective on which attractions are overrated tourist traps and which are the secret gems that From the Back Cover Full of solid insider information with just the right amount of cynicism ndash Travel Savvy magazine Are you tired of clich eacute ridden guidebooks packed with promotional fluff Then move over to the IRREVERENT GUIDES ndash the travel
